

MPVI x GENERATIONS COMPARISON

Ready to experience our most advanced OBDII interface to date for diagnostics and tuning? Upgrade your old OBDII device for our newest MPVI3 generation device and earn up to (6) free, additional Universal Credits to license any supported vehicle you want.

CREDIT ELIGIBILITY

- MPVI (Standard or Pro) upgrades will receive an MPVI3 + (6) additional Universal Credits.
- MPVI2/2+ upgrades will receive an MPVI3 + (4) additional Universal Credits.

HOW TO UPGRADE TO MPVI3

- Log into you HPT account at www.hptuners.com/my-account.
- Under **MY DEVICES**, find the device you want to upgrade and click **Upgrade MPVI3**. This will take you to the product page where you can proceed to checkout. *(If your previous generation device is not registered, you can register it on this page, or go to the product page [here](#) and enter the serial number of your device instead.)*
- Once you have successfully purchased the upgrade service, please back up your old device. You can do this by opening [VCM Editor](#) and clicking **HELP > RESYNC INTERFACE**.
- Then you're ready to ship your old device to HP Tuners (700 Eastwood Ln, Buffalo Grove, IL 60089). We'll transfer all your existing credits and licenses to your new MPVI3, add your extra, free credits, and ship it back to you. The transfer process takes up to 3 business days (not including shipping).
